But Farizan's writing style doesn't appeal to me at all. What I liked about *Tell Me Again How a Crush Should Feel* was that it captured the awkwardness of high school. Leila has a great and sarcastic sense of humour. Her small comments were really funny and I think she's a well-rounded protagonist. I liked reading about her cultural conflict, in both her sexuality and future. While I can't relate to the former, I could certainly relate to the latter. This kind of cultural conflict introduces ...

Tell Me Again How a Crush Should Feel, by Sara Farizan ...

Tell Me Again How a Crush Should Feel is an honest portrayal of growing up and growing into your own skin. Leila might know she likes girls, but that doesn't mean she's 100% come to terms with it. This book clearly shows the questions she faces when it comes to coming out, especially to her family. People being to learn Leila's secret but is it enough to make her more comfortable? I loved that, regardless if you are gay or straight, that you could relate to Leila. She has a loving family ...

Sara Farizan was born on August 2, 1984 in Massachusetts. Her parents immigrated from Iran in the seventies, her father a surgeon and her mother a homemaker. Sara grew up feeling different in her private high school not only because of her ethnicity

but also because of her liking girls romantically, her lack of excitement in science and math, and her love of writing plays and short stories. So she came out of the closet in college, realized math and science weren't so bad (but not for her ...

TELL ME AGAIN HOW A CRUSH SHOULD FEEL had a great premise, and I enjoyed the cultural references, the awkwardness of first love and finding oneself, but as a whole, this story fell short for me. Not having to do with the author or the storyline itself, I am really disappointed in the lack of editing in this traditionally published book. Telling vs showing, short sentence structure usually ...
