

HOW TO ACHIEVE THE SUSTAINABLE DEVELOPMENT GOALS? STRENGTHEN OUR SOCIAL SERVICE WORKFORCE.

Failing to strengthen the workforce means wasting valuable resources. A well-planned, well-trained, and well-supported workforce is better equipped to respond to multiple challenges in our communities and ensure the positive impact of investments in social issues.

A strong social service workforce is comprised of paid and unpaid, governmental and nongovernmental workers who ensure the healthy development and well-being of children and families worldwide.

ADDRESSING HEALTH CHALLENGES **SDG 3**

Fact: An estimated 36.7 million people worldwide were living with HIV at the end of 2019.
Example Action: In countries such as Uganda, social service workers help to fill gaps between health facilities and community-based care. The success of referrals to HIV-related health services increased from 50% in some settings to an average of 85%.*

SUPPORTING REFUGEES AND MIGRANTS **SDGs 5, 10, 16**

Fact: Worldwide, nearly 1 out of 40 children have been uprooted from their homes.
Example Action: Unaccompanied children in the UK, Zambia, and Mexico are assigned social workers who are well-trained to understand their needs and rights and can ensure access to safe solutions and services.*

ENSURING CHILD WELL-BEING **SDGs 4, 5, 8, 11, 16**

Fact: Approximately one billion children worldwide have experienced physical, sexual or psychological violence in the past year.
Example Action: Parenting programs, such as a 12-week session implemented by local well-trained child care workers in South Africa, result in reported reductions in child abuse and parental stress.*
