I am an avid Danielle Steele reader; I own every novel she has published. "Sins of the Mother" is about Olivia Grayson who is a very ambitious business woman and part time Mother, if that. Her children were raised by her Mother and Husband. The story tells how her now adult children feel about all the times she has missed out on and holds her accountable. Signs of a Mother (Danielle) on Thursday, June 18, 2009. Yesterday I cried as I looked down at my saggy, stretch-mark belly. It complimented my fat hips and newly formed "mom-butt". My boobs were unshapely under the bras that don't quite fit and my once cute panties have seen better days. My skinny jeans sit in the bottom of a box along with the tank tops I'll never wear again. As I ...
